

HOW TO

STUDY IN GERMANY

WHY STUDY IN GERMANY

Due to its high academic level and free public universities, it is one of the most popular destinations for students to study abroad in the world.

There are hundreds of universities in Germany that have free or very low-fee tuition programs available for international students.

This is why many people choose Germany to increase their academic level.

STUDENT VISAS

If you're a student coming from a non-EU and non-EEA country you must get a German student visa as soon as you receive the admission letter. It is important that you do not enter the country on a tourist visa, as this cannot be converted into a student one.

Student visa (Visum zur Studienbewerbung) – If you have already been admitted to a German university, then you will need to apply for a student visa. This is also valid for three months, however, if your duration of study exceeds this time then you can extend the visa at the Alien Registration Office in Germany.

As you may know, the process of getting admitted and getting a visa to study abroad in as students from Africa is incredibly difficult.

Immigration laws favor higher-income countries, but while it can feel like an uphill battle to navigate the various immigration hurdles to get a student permit in Germany, we want you to know that at Iconic Ltd Immigration, we take care of everything!

Getting a student permit in Germany can be a great opportunity for students from Africa. However, there are some service costs that need to be taken into account.

WHERE YOUR MONEY IS GOING?

The \$500 fee is used to directly pay the service costs incurred by Iconic immigration. This is a clerical fee and not part of our profit margin. This fee must be paid upfront to start the process.

The \$500 service fee is where our added value comes into play. In order to ultimately place you in Germany, a minefield of immigration red tape needs to be navigated through. Everything from admission, sponsorship and proof to the letter of purpose needs to be guaranteed before a student permit can be approved.

And while there are plenty of universities willing to take you onboard, they are not willing to deal with the hassles of immigration. This fee must be paid after the student got a visa.

ADDITIONAL COSTS

- **Registration fee is €150**
- **Tuition fee deposit range €500 (payable to the university)**
- **The Visa application fee is €60**
